### 3<sup>rd</sup> AIIMS ORAL PATHOLOGY SYMPOSIUM

## SKILL BUILDING WORKSHOP

### Welcome message

#### Dear Participants,

A warm welcome and a very happy beginning to you all as we step into 2025! It is with great excitement and enthusiasm that I welcome you to the 3rd AIIMS Oral Pathology Symposium. Over the years, this symposium has established itself as a platform for excellence, with past events like the Clinical Pathological Conference and the hands-on experience with Fluorescent In Situ Hybridization achieving tremendous success. These gatherings have been more than just educational—they've been an opportunity to collaborate, share knowledge, and enhance skills with cutting-edge technology and practical insights, all while fostering a sense of unity and professional growth. As a leading center of innovation and excellence, AIIMS, New Delhi, serves as a hub for advancing research and providing unmatched exposure. It is a privilege to host this symposium here, where the boundaries of knowledge are continually expanded, and innovation thrives. This year's event carries forward the legacy of enriching participants with tools, techniques, and insights to excel in an ever-evolving field. We look forward to another rewarding experience of learning and collaboration.

Warm regards,

**Dr. Deepika Mishra**

**Organizing Chairperson**

#### Message from the Organizing Secretary

#### Dear Participants,

Welcome to the 3rd AIIMS Oral Pathology Symposium, a platform to enhance your skills and embrace advancements in oral healthcare. This year's workshops are tailored to equip you for the future of research and clinical practice: Bioinformatics empowers researchers to analyze complex biological data, driving innovation and discovery; NABL Accreditation offers invaluable insights into enhancing laboratory standards and achieving global quality benchmarks; Python Coding for Doctors addresses the growing need for programming skills to manage and interpret medical data in the digital era; and the Clinicopathological Slide Seminar refines diagnostic skills, bridging clinical observations with pathology for aspiring Oral Pathologist and for superior patient care. Together, these workshops ensure you are well-prepared to excel in this ever-evolving field.

Warm regards,

**Dr. Varun Surya**

**Organizing Secretary**
