AI AGENTS IN HEALTHCARE

LEARN, BUILD & DEPLOY

Designed for clinicians and researchers.

In this workshop, you'll learn how to design, build, and deploy AI agents that address real-world healthcare challenges — no coding required.

📍 Location

Dr. Ramalingaswami
Board Room (AIIMS, New Delhi)

📅 Date

Friday,
July 25, 2025

🏠 Participation

In-person /
Virtual

AI AGENTS IN HEALTHCARE

WELCOME MESSAGE

Dear Participants,

Welcome to the **AI agents in healthcare** workshop — we're truly honored to host this special session tailored for the incredible clinicians and researchers at **AIIMS**.

This isn't just another tech workshop. It's a space where your medical expertise meets the potential of AI — where **real-world healthcare challenges** are addressed through intelligent, hands-on solutions.

In this **workshop**, you won't just learn what AI agents can do — you'll discover what they can do for you. Whether it's improving **patient follow-up**, **streamlining documentation**, or **advancing your research**, the tools you'll engage with are designed to put power directly into your hands — no coding required.

We believe the best AI solutions are built by those who know the problem best. That's why this workshop is yours to shape.

We're excited to see what you'll build. Let's unlock what's possible — together.

Warm regards,

Dr. Deepika Mishra

Organizing Chairperson

Additional Professor -AIIMS Delhi

Dr. Varun Surya

AI AGENTS IN HEALTHCARE

AGENDA

Time	Session	Speakers
8:30 am – 9:00 am	Registration	
9:00 am – 10:00 am	Inauguration & welcome address	Dr. Somesh Gupta Professor, AIIMS Delhi Dr. Deepika Mishra Additional Professor, AIIMS Delhi Dr. Varun Surya Assistant Professor, AIIMS Delhi
10:00 am – 11:00 am	Introduction to AI agents & business value	Soham Mondal
11:00 am – 12:30 pm	Introduction to AI agent development & technology stack	Farmaan Elahi
12:30 pm – 1:00 pm	User centricity for AI agents: Identifying use cases & defining agent personas	Soham Mondal
1:00 pm– 1:30 pm	Lunch	
1:30 pm – 4:00 pm	Hands-on AI agent building using N8N (no-code tool)	Farmaan Elahi
4:00 pm – 4:30 pm	Presentation	

AI AGENTS IN HEALTHCARE

WHY THIS WORKSHOP MATTERS **FOR YOU ?**

Understand AI agents
& business value

Learn to design user-
centric AI solutions

Hands-on training
Build, test & deploy

Learn real-world use
cases

Master AI governance,
security & strategies

Master these use cases & more

Equip yourself with tools, frameworks, and insights to lead AI transformation in clinical and operational healthcare settings.

AI-powered
patient
communication

AI agents for clinical
workflow
optimization

AI-assisted
decision support in
diagnosis &
treatment

Scaling AI solutions
**securely &
ethically**
